

February 25, 1952

This meeting of the Washington County Fair Board was called to order by president Guerber for the purpose of meeting with representatives of both the Empire Building Material Company and the Smithwick Concrete Products Co., both in Portland, and to give further consideration to the bids of both companies for the proposed fair buildings at the new fair grounds.

It was decided since the contract for materials had been awarded to Smithwick, that any concession to the Empire Company would have to be made between the two companies. After discussion with representatives of both companies there was no further agreement reached, and the agreement still stands that Smithwick will furnish the materials.

Those present - Guerber  
Nyberg
