

West Texas Fair & Rodeo

CALF SCRAMBLE

Monthly Project Report Tips

What makes a good report GREAT?

The West Texas Fair & Rodeo wants to know about your project! The key to a good report is detail. Some easy ways to include detail in your report are:

1. Feeding Routine - How/why did you chose that particular feed? Is there a feed store you like best? Do you store your feed in trash bins or tote boxes? What's the ration breakdown like? Any supplements/additives for your project and why? How much (lbs/oz) do you feed your project?
2. Grooming/Hair Maintenance - What products do you use (shampoos, coat conditioners, brush types)? How often do you wash your project? What is one of your secrets to a clean coat/body? Is there a product you swear by?
3. Exercise/Training - Tell me about your prep routine? How often to you work with your animals? Is there a piece of equipment you like to implement into your routine? How do you get the best results for your Scramble project?
4. Support System - Is there someone in particular who has helped you with your project? How has their guidance changed you? What is some advice that has made an impact on your show career?
5. Pictures - Include photos of your project with each report so that the West Texas Fair & Rodeo can watch you and your project grow as a team!

When should I turn my report in?

Project reports are due on the 15th of each month, beginning with the month in which you purchased your project, through the duration of the Fair. Reports must be submitted to the Livestock Office via mail (1700 HWY 36, Abilene, TX 79602) or email (mholder@expoctc.com). If you are submitting a report via email, make sure that all documents are accessible by the Livestock Secretary.
