4. If a calf dies within two weeks of the tag-in, the exhibitor has the option of finding another calf.
5. All Heifers will be classified at the WCYF Check in by a three (3) person committee. To be classified in the Brahman Influence, the heifer must show at least  $\frac{1}{4}$  Brahman Characteristics. The Heifer Committee will have the discretion to combine the ABC and AOB Classes.
6. At check-in Exhibitors must furnish a palpation certificate on heifer from a licensed veterinarian. NO blood test will be accepted. Palpation certificates must be dated April 1st or later.

The second-place animal from the Champion’s Class will be considered for Reserve Champion.
