

PEN OF THREE EXHIBITORS – Things to know about your heifers

1. What can you tell me about your heifers? (Breed type, pregnancy status, age, bull type used to breed.)
2. What type of medications and vaccinations have you given your heifers? (Dewormer, blackleg, respiratory, vibrio, leptospirosis and external parasites.)
3. What type of nutrition program did you use to develop your heifers? (Such as feed, hay, pasture forage, mineral supplements)
4. Define F1.
5. If your heifers are open, what type of bull would you breed to?
6. After all expenses are paid, how much would it cost to break even?
