The Woodlands has one of the largest collections of public art in the country, and every day we enjoy its beauty and whimsy. It lifts our spirits, creates pride in our surroundings, and enriches the cultural fabric of our community.

The Woodlands Arts Council is extending this personal invitation to you, your family, group, organization or your business to become a permanent part of the culture and public art history of The Woodlands. By underwriting a uniquely-designed musical, magical or abstract Art Bench, or a fun but functional Bicycle Rack installed by the Waterway, Hughes Landing, Town Center, or the Mall, you participate in one of our ever-expanding public arts projects.

A plaque installed at each piece identifies the artist and you, the underwriter, as a permanent legacy.

From start to finish, a new and unique Art Bench or Bicycle Rack is a two-year process. Phase V offers the opportunity to sponsor Art Benches or Bicycle Racks by The Woodlands Waterway, in Town Center, the Mall and Hughes Landing areas.

“Public art is a reflection of how we see the world – the artist’s response to our time and place combined with our own sense of who we are.”

- The Association for Public Art

Supporting the vision of George Mitchell, the founder of The Woodlands, and the mission of The Woodlands Arts Council to promote public art and the creative economy, 24 Art Benches have been commissioned and installed in The Woodlands in partnership with The Woodlands Township.

Walk from The Woodlands Mall to Town Green Park and visit Hughes Landing to enjoy the beauty and practicality of these one-of-a-kind Art Benches designed by local, national, and international artists.

This program is ongoing and continues to beautify our community.
