“Public art is a reflection of how we see the world – the artist’s response to our time and place combined with our own sense of who we are.”

- The Association for Public Art

Supporting the vision of George Mitchell, the founder of The Woodlands, and the mission of The Woodlands Arts Council to promote public art and the creative economy, 30 Art Benches have been commissioned and installed in The Woodlands in partnership with The Woodlands Township.

Walk from The Woodlands Mall to Town Green Park and visit Hughes Landing to enjoy the beauty and practicality of these one-of-a-kind Art Benches designed by local, national, and international artists.

This program is ongoing and continues to beautify our community.
