### The Woodlands Arts Council - Phase VI Public Art Benches

**What would you like your artist to know about what went into your decision to underwrite an Art Bench?**

**This is our second art bench to underwrite. We have been long-time supporters of The Woodlands Arts Council and loved the Arts Council's idea of putting in art benches and adding to our community's public art.**

**What went into your decision in selecting the specific site location for the bench you are Underwriting?**

**We loved this site for several reasons. It is set back far enough from the water to enjoy a full view of the waterway and it is a beautiful setting surrounded by trees.**

**What feelings do you want this bench to convey?**

**One of our favorite sculptures in The Woodlands is The Dreamer by David Phelps. It evokes a feeling of serenity with nature, as one is lost in one's thoughts. We also love the title, The Dreamer, because 35 years ago my husband and I arrived in this community as dreamers and our dreams have been made into reality through the years. So we would like our bench to convey some of these feelings of serenity, being in touch with nature and a deep sense of community.**
