Bookings: 952-934-7295 or [www.alfyspuppets.com](http://www.alfyspuppets.com)

Are you ready for this? A four foot high horse named Naaathan will be appearing at the Wright County Fair from Thursday, July 21st through Sunday, July 24th. In actuality, it is Homeward Bound Theatre Company presenting one of Alf's "World of Robotic Puppets".

These fun-filled life size puppets will be roaming the grounds, charming everyone from two to a hundred and two. Different puppet characters will be making their joyous appearance. Through the "magic" of radio control, these lifelike puppets will be visiting and sharing jokes and quips with unsuspecting people.

Alfy's "World of Robotic Puppets" has received praises across the United States with appearances in fairs from the Northern reaches of Minnesota to the southern boards of Arizona. They have also been featured at the Mall of America, St. Paul Saint's Baseball, benefits, and numerous trade shows, and events for seniors and youth. Their version of an Irish leprechaun has been the hit of the various St. Patrick's parades.

## AGRICULTURE EDUCATION BUILDING

Be sure and visit the Agriculture Education Building. It's in the Red Barn by the fair's south gate. Come learn how Agriculture relates to your everyday life. It is important to educate our youth about where their food is coming from and how it is raised and grown. See the different baby animals close up and learn about them from our volunteers. Check out the many different

Ag facts and demonstrations going on each day of the fair. Try your hand at hand milking "Maggie" the replica milk cow and other hands on Ag related activities.

## HISTORIC WELKER SCHOOL

## HOPEWELL FURTRADING COMPANY

The name "Hopewell" is derived from the name of a very ancient Indian tribe that lived near this area several hundreds of years ago. The fur trade era played a very vital role in the history of Minnesota. The people you see here today are "Re-enactors" who enjoy portraying what it may have been like to have been part of a trade camp, otherwise known as a "rendezvous." The very word rendezvous is a French word simply meaning "a gathering, or meeting place."

As you stroll through this area, don't be afraid to ask questions. You will learn some very interesting and exciting facts about early Minnesota history, including the period food and how it was cooked, tomahawk and knife throwing, what a muzzle loader is and how it works, and many craft objects relating to the fur trade. Also try your hand at some original Indian games.

Take your time as you re-live and enjoy a brief step into the past.

# EXHIBITOR RULES AND REGULATIONS

The object of these rules and regulations are to make a better fair for all exhibitors.

**1. Rules and regulations will be strictly adhered to.** Any person who violates any rule or regulation made by the Wright County Agricultural Society shall be held accountable for their actions.

2. No exhibitor other than livestock will be allowed more than one entry in any one lot.

3. Rule #2 shall not effect sweepstakes or special competitions.

4. A: All livestock must be entered in the name of the true owner. B: All domestically created articles entered must have been made by the person exhibiting and made between Aug. 1, 2021 and July 18, 2022

5. Each article in competition must correspond in number and description with the premium and be in its proper place in order to obtain a premium. No change or alteration will be permitted after the books are placed in the hands of the judges.

6. Each entry shall be securely attached to the stall/pen or receptacle in which it is shown.

7. No article or animal on exhibit shall leave before the close of the fair under penalty of forfeiture of premium except by permission of the Fair Board.

8. Exhibition of articles not competing for premiums must be arranged to conform with the wishes of the superintendents.

9. Those in charge of different divisions shall conveniently group each lot within the classes.

10. The Association will take every precaution in its power for the preservation of articles and livestock on exhibition but cannot be responsible for any loss or damage that may occur in the delivery, exhibition or removal of the exhibits.

11. If from stormy weather or other causes the fair receipts should prove insufficient to meet all payable demands, the Society reserves the right to first pay all true expenses of the Fair and pay premiums with the balance on hand.

12. The superintendent of the division shall keep a record of the awards. The record shall be signed by Judge and returned to the Secretary.

13. The awards shall be designated by ribbons as follows: First: Blue, Second: Red, Third: White, and Grand Champion: Purple. Lost, damaged or unclaimed ribbons will not be replaced.

14. All awards shall be made by comparing the individual merits of lot entries.

15. Any interference by exhibitors to influence in any way a judge's decision, will be sufficient cause for excluding that entry from competition and will be reported to the Fair Board Secretary through the Division Superintendent.

16. No appeal of a decision shall be allowed. An exhibitor may protest to the Superintendent of the division at the time of the award who may then require the judges to give reasons for their awards.

17. Premiums will not be awarded on articles or animals of inferior merit, regardless of the number in competition. The judges may award first, second or no premium, as merit may warrant, stating the reasons in writing when requested.

18. Special premiums may be offered by interested persons for entries which conform to the general classifications of the Fair Association.

19. No livestock trailers, tents, campers, etc., shall be parked before permission is obtained from the Fair Board. Unauthorized parking will be subject to towing at owner's expense.

20. PREMIUM CHECKS must be cashed within 20 days of their written date to be valid.

21. There is no limit to the number of entries of LIVESTOCK per lot (with the exception of group lots) BUT exhibitors of livestock cannot win more than two premiums per lot.

22. Exhibitors must keep their stock stalls and pens in good condition and open for inspection from 8:00 AM to 10:00 PM. All exhibitors must furnish their own hay, straw and grain. No paper bedding will be allowed for livestock use.

23. Exhibitors of livestock are responsible for knowing when their animals will be judged. LIVESTOCK must be in the show ring promptly after being called. Any exhibitor failing to comply with this order will be ruled out of competition.

24. Sires, dams and groups entered as such must be owned by the individual or firm exhibiting them. Their progeny may be shown simply with proof of their breeding without ownership.

25. All exhibited animals shall be shown to judges under the supervision of the superintendent.

26. Exhibitors of bulls 1 year or older must lead the animal with a staff attached to a nose ring.

27. In all classes which call for registered stock, all animals over one year old should be accompanied by a certificate registry showing that the animal is properly registered in the studbook, herdbook or flockbook which is recognized as being authentic for the breed which the animal is supposed to represent.

28. Purebred animals under one year of age shall not be required to show certificate of registry, but the exhibitor of such animals shall be required to give a certified statement that both sire and dam of such animals are properly registered purebreds, according to their breed association.

29. Persons under 18 staying on the fairgrounds overnight must be exhibitors at the fair and have parent or guardian stay with them.

30. The Wright County Fair Board reserves the privilege of changing any of these rules and regulations to suit the purpose for which they have been made and to pass on their application regarding the Wright County Fair.

31. Whatever errors or omissions may arise will be corrected as soon as possible and at the division superintendent's discretion.

32. Livestock exhibitors: If illness or injury of any nature is suspected in any animals, said animal is subject to examination by the Official Wright County Fair Veterinarian and owner/exhibitor of said animal must abide by the decision of this veterinarian. Examination and treatment by the Official Wright County Fair Veterinarian will be at the cost of the owner. If the owner/exhibitor cannot be reached, the Official Wright County Fair Veterinarian has the right to treat said animal at the cost of the owner. # DIVISION 'G' GARDEN VEGETABLES OPEN CLASS

**Superintendent: Jerry Quaal, 2498 85th St. NE, Monticello, MN 55362, 763-295-3315**

## PREPARATION FOR EXHIBIT

• Snap Beans: Harvest before constrictions appear between seeds when seeds are about half grown. Ends of pods should not be broken off in picking. Pods should be uniform. Pods may be wiped clean, but not washed.

• Beets, Carrots, Parsnips, Rutabagas: Root crops should be mature but not overgrown, pithy or coarse in texture. Tops should be trimmed to 1½" above crown. Side roots should be trimmed off but not the top root. Roots can be washed but not scrubbed.

• Broccoli: Heads should be dark or purplish green and compact. Avoid yellow flowers in head. Leave on about a 5" stem.

• Cabbage: Cut stem about ½ inch below the head. Remove blemished or broken leaves but take care not to peel the heads too much. A few outside wrapper leaves are desirable. Specimens may be washed.

• Cauliflower: Heads should be white, compact and free of small leaves and ricy texture. Cut stems to leave 4 to 6 leaves. Outer leaves should be trimmed 1 or 2 inches above the white head. Use a soft bristled brush to remove dirt.

• Celery: Remove roots of stalk and trim butt to form a triangle or pyramid. Trim diseased and broken leaves on the outside until green color is uniform.

• Sweet Corn: Select ears that are well filled out to the tip. Kernels should be milky and juicy. Remove outer husks but allow a short shank and the inner husks to remain.

• Cucumbers, Pickling: 3 to 5 inches long. Specimens should be the same stage of maturity and uniform in size, shape and color.

• Cucumbers, Slicers: select specimens that are straight and dark green; about 6 to 10 inches long. Specimens should be uniform in size, shape and color.

• Kohlrabi: Roots should be removed just below the ball. Remove all but the upper 4 to 6 leaves. Select specimens that are a uniform medium size and not hard or woody. Skin should be easily punctured by a thumbnail. Specimens should be clean, but not washed.

• Onions: Specimens should be mature and thoroughly cured. The neck should be small. Do not peel to give a slick appearance. Only outer scales that are broken or discolored should be removed. Small basal roots should be left intact but trimmed to a uniform length. Wipe or brush clean, but do not wash.

• Potatoes: Tubers should be uniform in size, shape and color. Washing is permitted, but unwashed, clean potatoes are preferred. Be careful not to blemish the skin by scrubbing. Avoid specimens with defects or disease.

• Rhubarb: Select specimens that are straight, uniform and unblemished. Stalks should be pulled from the plant, not cut. Trim leaf blade to 1 inch above the stalk.

• Summer Squash: Select small to medium size fruits when the rind is soft and easily punctured with a thumbnail. Leave about ½" of stem and wipe fruits clean.

• Winter Squash and Pumpkins: Select mature specimens when the rind resists the pressure of the thumbnail. Each should be free of defects. Leave stems attached.

• Swiss Chard: Select plants that are fresh, crisp and have bright green leaves. Trim off roots and trim butts to a pyramid shape. Trim off diseased and broken leaves on the outside until color is uniform.

• Tomatoes: Select fruits that are uniform in size, shape and color. Remove stems. Fruits should be perfectly shaped and free of cracks and blemishes.

• People want to know what you are planting. So they can plant the varieties you are. Thanks!

## **WINNING SUGGESTIONS**

Collect flowers to be exhibited the evening before and place them in a pail of warm water (110 degrees). Set the pail in a cool place or refrigerate 12-24 hours. Be sure to use a very sharp knife to cut the specimen blooms. To exhibit, leave attached as much stem and as many leaves as possible. But be sure no leaves are underwater. Check for dirt, bugs and discoloration on the leaf underside. Remove excess blossoms close to the stem, leaving no knobs.
