SMALL ANIMAL AUCTION

The Small Animal Auction will be held at 4:00 p.m. Saturday of the Fair in the Cow Palace.

All participants must meet in the rabbit and poultry barn 1 hour prior to auction time for setup and instructions.

Fond du Lac County Small Animal Project Auction Requirements:

All members must earn 8 points in order to participate in the auction, two of those points must come from YQCA. YQCA is transferable from large to small animal. YQCA is the only credit that is transferable from small and large animal.

Showmanship is mandatory-- must enroll and participate at FDL Fair. It is mandatory to help with pre-fair barn set up and post- auction clean up. Any ribbon qualifies to auction.

Ways to earn points (each worth 2 points and any not on list must be pre-approved by Small Animal Committee):

MARKET LIVESTOCK/QUALITY MILK AUCTION

The Market Livestock and Quality Milk Auction will be held at 4:45 p.m. Thursday of the Fair in the Cow Palace.

Quality Milk Auction

The Fond du Lac County Holstein Breeders sponsor a Quality Milk Auction to reward project members with cows that have produced low linear score milk. Dairy baskets will be sold from the lowest linear score cows in the 2, 3, 4, 5 years and older milking cow classes and dry cow class. All breeds will be combined when selecting the individual with the lowest linear score in each age category. To qualify, exhibitors must submit the last completed lactation with an average linear score with a minimum of five (5) tests, except 2-years-olds who must provide the past three monthly linear scores prior to the Fair. The cow must be on a test program which indicates her linear score. An animal must be entered by the same person that is showing her at the fair. A cow cannot use the same completed linear score record used in a previous year's Quality Milk Auction competition. **This information must be submitted to the Fond du Lac County Extension office by July 1.** Submissions need to include the class under which the animal will be shown. Once selected, each participant will receive a letter from the auction chairperson listing activities required prior to the auction. All dairy cows selected for the Quality Milk Auction must be entered to show and be checked in by 1:00 p.m. on Wednesday, of the Fair by the Dairy Superintendents or they will be disqualified.

The Quality Milk Auction will be held in conjunction with the Market Livestock Auction on Thursday of

the Fair. Proceeds will be split with 25% going to the exhibitor, 40% to fund State Fair Junior Exhibits, and 35% for scholarship fund. Cow Classes and Linear Score Determination:

- 2 years – average of the past three monthly linear scores
- 3 years – average linear score for last completed lactation
- 4 years – average linear score for last completed lactation
- 5 years and older – average linear score for last completed lactation
- Dry cow – average linear score for last completed lactation

Tie breaker will be determined by somatic cell count average.

In the event an individual has the lowest linear score for two or more lots selling in the Quality Milk Auction, the 2nd place animal of those lots with the lowest linear score will sell. (i.e. Exhibitor A has the lowest linear score for the 3 year old and the 5 year old class. The second place animal for the 3 year old class has a linear score of 0.9 and the second place animal for the 5 year old class has a linear score of 1.2. Since the 3 year old has the lower linear score than the 5 year old, the 2nd place 3 year old will sell, with Exhibitor A selling the 5 year old.

Youth may sell in both the Quality Milk Auction and the Market Livestock Sale.

FOND DU LAC COUNTY 4-H AND FFA MEAT ANIMAL PROJECT

Project and Sales Guidelines, Entry Information Project and Sales Guidelines, Entry Information

General Guidelines

All market animals must meet regular Wisconsin County, District and State Fairs Animal Health Rules and Regulations (reference previous section pertaining to animal health requirement.)

All livestock animals shown at the Fond du Lac County Fair are required to have a Livestock Premises ID number, which should be submitted to the Fair Office with entries. To get a Premises ID number, see www.wiid.org.

A market animal can only be exhibited in one department. The same animal cannot be exhibited in both the junior and open show nor can a female market animal be shown in both market and breeding class.

Exhibitor may only show an animal in the showmanship class if they have shown that same animal in a junior show market or breeding stock class.

When purchasing market animals for exhibition and sale, exhibitor must obtain a signed and dated receipt of purchase from the seller. The receipt must

include any identification information that is available (for example, birth date, ear notch, etc.). If needed at a later date, the burden of ownership proof will be on the exhibitor and will include an original receipt of purchase. Home raised animals need to be able to present records of ownership and identification information (See IAFE National Code of Show Ring Ethics on page 7).

An exhibitor cannot show an animal that was entered or exhibited by another person except in the case of an unforeseen circumstance (sickness, injury, etc.) The substitute exhibitor should be a relative or from the same 4-H club or FFA Chapter and changes must be previously confirmed with the superintendent. Also, an exhibitor must be recognized as a member of an acknowledged Fond du Lac County Organization.

All animals being shown must be able to walk in a normal fashion, or they will not be allowed to be exhibited or sold in the market livestock sale.

All market and breeding animals must have proper care for the duration of the Fair. If the barn superintendent rules that animals are not being adequately cleaned, fed, bedded, or cooled, a warning to the exhibitor will be given. A second violation of this rule will result in loss of fair premiums and the privilege to participate in the market animal sale for the subsequent year. The superintendent and a member of the Fair Board will rule on second offenses. All decisions will be final.

Exhibitors are expected to keep all walking alleys and feed areas clean and to keep trash or other foreign material out of manure piles.

All exhibitors and their parents or guardians must sign a form attesting to proper withdrawal of all additives and injections administered to the animals being shown. Any questionable carcass will have tissue samples collected by the state meat inspector to be submitted to the state laboratory. The exhibitor will pay the cost of the analysis.

Junior exhibitors are required to fit their own animals.

- All clipping chutes will be placed in a designated area.
- For safety reasons, no fitting of cattle will be allowed in the aisles of the barns.
- Fitting will be permitted in the bedding pack area within a club exhibit for that club only. Fitting in the bedding pack areas will only be allowed if it does not crowd the exhibit animals.
- Fitting is limited to the exhibitor, relative to the exhibitor, and a club member/leader participating in the Fond du Lac County Fair.

Release of Animals

All market animals and breeding stock must remain on exhibit until 6:00 p.m. on Sunday. Exceptions will only be made for state breed shows and illness. Sick animals may be removed only by a written or oral authorization by the attending veterinarian. All other removal of animals is a privilege and must be approved by the Fair Board.

Complaints and Appeals

Any complaints regarding eligibility of entries shall be filed in writing. Before any exhibitor is disqualified, he/she will be granted the right to meet with the Fair Board regarding the potential disqualification. If a market animal dies during the Fair, or is condemned by meat inspection, the exhibitor must refund the sale buyer the current stockyard value or supply an equivalent animal in replacement.

Exhibitor must have liability insurance in the event of injury to people and/or the animal, while at the Fair, causes damage to personal property.

Meat Animal Sale Requirements

The Meat Animal Sale will be held on Thursday evening beginning at 4:45 p.m. for qualifying animals and their exhibitors.

Market livestock sale participants and exhibitors must play a significant role in the care and training of their project animals from the time of initial weigh-in through the duration of the Fair. This should be the case regardless of where the animal is housed.

All market sale animals must have been exhibited in their appropriate market animal class. Exhibitors may show market animals in more than one department but may sell only one animal in the market livestock sale. An exhibitor has the responsibility of informing the Market Livestock Committee within 15 minutes of the completion of their animal species show which animal is to be sold. Failure to inform a Market Livestock Committee member will result in being placed at the end of the sale and not placed in the program, regardless of ribbon placing.

All animals competing for Champion or Reserve Champion will do so with the intention of being sold. Any exhibitor with two or more champion/reserve champions will need to choose which animal to sell and forfeit the right to sell the second champion/reserve champion. This will have the Reserve Champion move into the Champion designation and the Honorable Mention to be moved into the Reserve Champion designation.

Absolutely no stags, boars, bulls, rams, or bucks (knowingly) will be sold in the Market Livestock Sale.

Educational Requirements:

- To qualify for the Market Livestock Sale, participants are required to complete eight (8) educational credits. There will be no educational requirement for youth who graduated from high school the previous year.
- Each exhibitor, including those showing their last year, must be Youth for the Quality Care of Animal (YQCA) certified.
- The calendar year for completing eight (8) credits begins the Monday following the previous fair and ends on Friday preceding the current year's fair.
- All approved events will be posted on the Fond du Lac County Meat Animal Project Website at:
<http://fyi.uwex.edu/fdlmeat/calendar-of-events/>.
- Events not listed on the Meat Animal Project Website must be first pre-approved by the Market Livestock Sale Committee. It is up to the exhibitor to provide documentation (agenda, brochure, etc.) regarding the event for approval. A livestock project activity form must be signed by the event coordinator and submitted to UW-Extension for credit. Criteria used for points determination are:
 - 2 points-meetings 1 to 2 hours in length, exhibit livestock at any show
 - 3 points-meetings ½ day in length (3 – 6 hours)
 - 4 points-judging teams, quiz bowl teams, meetings 1 day in length (6- or more hours)
 - 6 points-meetings 2 or more days in length
 - 1 point-any meeting in conjunction with a show, sale or livestock event (i.e. World Beef Expo, World Pork Expo, etc.)
 - 4 points-high school or college meat animal related class
 - 2 points-livestock related public presentation (i.e. Day on a farm, Civic groups, etc.)
- For specific details regarding educational activities for credit, please visit
<http://fyi.uwex.edu/fdlmeat/educational-requirements/>.

Weigh-ins

Initial Identification:

- During initial identification multiple names may be indicated for an individual animal only in the case where it is within a family (brothers & sisters) and the animals are housed in the same location. No "switching" of animals may occur outside of immediate

Dairy

family members between initial and final weigh-in.

- Dates for initial identification will be set by the MLC.
- At initial identification, the maximum of animals an exhibitor can identify are:
 - 3 steers
 - 5 hogs
 - 5 goats
 - 5 lambs
- Upon the time of initial identification, all male animals must be castrated by excisional or banding methods. Crimping will not be allowed. Animals must have no physical sign of viable testicles at the initial identification. If there is any question at the time of initial identification as to if the animal is castrated, the animal will not leave the grounds until it is examined by a veterinary clinic not associated with the exhibitor. The exhibitor will be responsible for all costs incurred as a result of examination. Veterinary prognosis is final.
- All beef must be dehorned and healed by initial identification.
- All goats must be disbudded or dehorned. If a scur occurs it must be kept to two inches or less with a blunt end.
- Photos of inserted ear tags must be submitted at the time of initial identification paperwork deadline.

Exhibitors will be told the weight of their animal at the time of the weigh-in (initial and final).

All livestock animals will be double-tagged at initial weigh-in. One tag will be a RFID tag and an additional tamper-proof tag. Scrapie tags will be used as secondary identification on sheep and meat goats if already tagged. If an animal loses a tag, the MLC needs to be contacted to re-tag the animal. If an animal loses both tags, the animal will be disqualified from the competition.

Final Weigh-in:

All market animals will be weighed during designated weigh-in times on Tuesday of the Fair. Exhibitors will be informed at the time of the final weigh-in if their animal does not meet the minimum weight requirements, as outlined below, for the market livestock sale.

Weight eligibility requirements for the sale are as follows:

Beef Steers: Final minimum weight of 1100 lbs.

Steers: Final minimum weight of 1200 lbs.

Dairy x Dairy Crossbred steer: Final minimum weight of 1150 lbs.

Market Swine: Final minimum weight 230lbs.

No final maximum, but sale price at auction will be paid for a maximum weight of 300 lbs.

Lambs: Final minimum final weight 100 lbs.

Market Goats: Final minimum weight 55 lbs.

Exhibitors will not be allowed to reweigh underweight animals. No drenching allowed. Animals must be dry at time of final weigh-in.

If an exhibitor disputes the weight of their animal at the time of weigh-in, the scale will be checked using standardized weights and the animal will be reweighed. Weight is final.

The Sale:

There will be a 5% maximum deduction from the selling price of each animal to promote and finance the meat animal sale, purchase equipment, and conduct overall educational programs.

An animal will not be eligible to sell if it has been disqualified by the sale committee and/or is judged as not in a saleable condition.

The Fair Board and Market Sale Committee does not guarantee sale price. It is up to the project member to solicit prospective buyers.

Animals can be sold only once during the Livestock Sale.

Exhibitors leading their animals into the sale ring must be wearing collared shirts (no tee shirts) and clean pants or skirts. The Market Livestock committee reserves the right to prohibit sale of an animal if the exhibitor is not properly dressed.

The sale is a terminal sale. All animals sold in sale are to go to slaughter.

Buyers take ownership of the animals after the sale but understand the animal will go to slaughter after the fair.

A Market Animal Identification Card, provided by the Fair Office, must identify all livestock sold. It shall be the exhibitor's responsibility to have this card or a similar card properly displayed over the animal's pen or stall by noon on Friday.

Project Record:

All market livestock sale participants must complete an official Market Livestock Production Record Form. Forms are located at <http://fyi.uwex.edu/fdlmeat/forms/> and must be completed and mailed back to the UW-Extension office by the Friday following Labor Day. Failure to successfully complete and turn-in the form on time may result in loss of sale privileges for the subsequent year. The Market Livestock Committee will check forms and all decisions will be final.

Thank You Cards:

It is expected that the exhibitor sends a thank you letter to the buyer for their animal and/or award

sponsor(s) at the time/before collecting their sale check from the MLC.

HOLSTEIN FUTURITY

The Holstein Futurity, held Friday evening of the Fair in the Cow Palace, is organized by the Fond du Lac County Holstein Association.

ATCP 160.02 Premium requirements.

(1) GENERAL.

- (a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state

premium aid from any fair that does not enforce animal health provisions under ch. ATCP 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.

- (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.
- (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition or the organization or for any other reason.

- (d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.

- (e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.

- (f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) PREMIUM LISTS. (a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules.

Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3) (c).

- (b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

- (c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

(3) ENTRY FEES. (a) A county or district fair may charge an exhibitor an entry fee. The entry fee may not exceed 10% of the sum of all premiums offered to exhibitors in the same class for which the entry fee is charged. In lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits or pets.

- (b) Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

(4) SPLIT FAIR DATES. (a) For purposes of this subsection, “split fair dates” occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. An exhibitor may use audio–visual media, still photography or an educational display to repeat a demonstration or exhibit.

(c) The department may pay state aid for the following exhibits or contests in a fair having split dates, regardless of whether the department approves those split dates in advance:

1. Clothing revue.
2. Demonstrations.
3. Favorite foods revue.
4. Dogs.
5. Small animals.
6. Rocketry.
7. Shooting sports.
8. Other exhibits and contests that are similar to those identified in subds. 1. to 7.

ATCP 160.03 Exhibition requirements.

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

(1) No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society, or require an exhibitor in any other way to make a donation to the society.

(2) State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the

department with an affidavit that the exhibitor's residence is geographically located within the state.

(3) State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown in the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATCP 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATCP 160.04 (8).

(4) State aid may not be paid on exhibits removed from the fairgrounds before 4 p.m. of the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department in case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors of horses shall keep their animals on the grounds.

ATCP 160.04 Junior fair division; general.

(1) In the junior fair division, the department may pay state aid on prizes offered to exhibitors who are under 20 years of age on January 1 of the current fair year. A county or district fair board may establish subgroups within a junior fair entry class based on the exhibitor's grade in school. The department may not pay state aid on prizes for club parades, club floats, song contests, or a project which is not an exhibit or demonstration at the fair.

(2) All exhibitors in the junior fair division shall be members of 4-H, FFA, a scouting program, a breed group, or another recognized youth organization under adult leadership that has an education program appropriate to that organization and is approved by the fair board.

(3) Exhibits in the junior fair shall be the product of the exhibitor's own labor. An exhibit may include a study project, merit project or other special project, a skill area, or a supervised occupational experience in which the exhibitor is regularly enrolled, provided that the fair board approves the project, skill area, or supervised occupational experience as an exhibit.

(4) State aid may not be used to award more than one premium to any exhibitor in any department in the junior fair division, except that:

(a) A premium may be awarded to each member of a group that collectively owns and enters a livestock exhibit in departments one to 5 of subch. IV.

(b) An exhibitor may receive a separate premium for showmanship where authorized under subch. IV.

(c) An exhibitor may receive more than one premium in a department for which additional premiums are specifically authorized under subch. IV.

(5) Under subch. IV, within each of the junior fair departments 9, 10, 13 to 16, 18, and 20 to 29, a fair board may establish one or more entry classes for self-determined projects that are related to that department. The fair board may establish class entry criteria, including student grade level criteria. Entry classes are open to 4-H members enrolled in a designated 4-H project or an alternative project that follows 4-H project guidelines, and to members of other youth organizations that do equivalent work and apply equivalent guidelines. Exhibits may be judged using the regular or Danish judging system.

For each entry class, a fair board may pay first-place to fourth-place premiums at any of the following levels designated by the board:

(a) Premium level one: \$2.00, \$1.75, \$1.50, \$1.25.

(b) Premium level 2: \$2.50, \$2.25, \$2.00, \$1.75.

(c) Premium level 3: \$3.00, \$2.75, \$2.50, \$2.25.

(6) If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a class.

(7) Special educational exhibits may [be] established if the proposal is presented to the Wisconsin association of fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.

(8) Within any junior fair department under subch. IV, a county or district fair may establish special classes where none are specified under subch. IV. Special classes may include classes for grade and crossbred females in the beef, swine, sheep and horse departments. Premiums for special classes created under this subsection shall be equal to premiums for comparable classes established in the same department under subch. IV.

ATCP 160.05 Open division; general requirements.

(1) The total maximum premiums set forth for all places in any open division livestock class, excluding poultry and rabbits, may be divided into premiums for a greater number of places, but the

maximum premium offered for any additional place shall not be higher than the maximum for last place in the class.

(2) All animals in any open division class shall be owned by the exhibitor, except as provided in s. ATCP 160.09.

ATCP 160.06 Senior citizens division; general requirements.

(1) The age of exhibitors in the senior citizens division is limited to persons 62 years of age or over.

(2) Exhibitors in the senior citizens division may not enter identical items or articles in both the senior citizens division and the corresponding classes of the regular open division.

ATCP 160.07 Classes; general requirements.

(1) Classes may be combined if the number of entries in several single classes is insufficient. If any classes are combined, state aid shall be limited to the maximum total premiums listed for a single class of animals, items or articles in that department.

(2) (a) Except as provided under par. (b), no county or district fair may receive state aid for premiums awarded for sexually intact male dairy cattle, beef cattle, sheep, goats, swine or horses unless those animals are registered purebreds. Registered purebred status shall be documented by a certificate of registry from the appropriate breed association or society, or by a copy of the application for registration.

(b) Paragraph (a) does not apply to dairy cattle exhibited at a county or district fair if a national breed association certifies that those dairy cattle are recorded in that breed association's qualified herd book which records the genealogy of that breed.

(3) Any animal entered as part of a group class may also be exhibited in a class for individual animals.

(4) Boars may not be entered as an exhibit in the swine department unless their tusks have been removed.

(5) The age of an animal, for purposes of determining its entry class under this chapter, shall be determined as of the opening day of the fair.

ATCP 160.91 Judging regulations.

(1) Judging shall be done at county and district fairs by individuals who are registered with the department and who have knowledge, training or experience in the specific class or classes to be judged as determined by the department. Judging shall be done in accordance with the requirements of s. ATCP 160.92 (3) (a). In no case shall any person who is an officer or director of a fair be eligible to judge exhibits at such fair; nor shall any person interested directly or indirectly in exhibits shown in any department of a fair be eligible to judge articles or animals in that department.

(2) Each judge at a county or district fair shall be provided with a copy of the fair's premium book or list of entry classes at least 7 days prior to the opening date of the fair.

(3) No animal or article, irrespective of the number of entries in the class in which it is entered, shall be awarded a higher rating than its merit would entitle it to in comparison to the standard of perfection in the class.

(4) (a) No state aid will be paid on premiums awarded under the Danish system in any classes except in the junior and educational departments.

(b) When classes in the junior and educational departments are judged according to the Danish system, 4 group placings shall be awarded in any class. When there are less than 8 exhibitors in the class, there shall not be more than 2 in the first group, not more than 4 in the first 2 groups and not more than 6 in the first 3 groups. If there are 8 or more entries in the class, there shall not be more than 25% in the first group, not more than 50% in the first 2 groups, and not more than 75% in the first 3 groups.

(c) The number of awards in the last group placing may be increased to the extent necessary to give awards to all exhibitors.

(5) If any class of exhibits at a county or district fair is judged according to the regular system, the judges for that class may give only one first-place, one second-place, one third-place and one fourth-place award in that class.

INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS (IAFE) NATIONAL CODE OF SHOW RING ETHICS

The Fond du Lac County AG Society adopts this code for our animal shows.

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons

who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1) All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3) Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expos* and any special notices to members.

11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

ANIMAL HEALTH REGULATIONS/REQUIREMENTS FOR FAIRS AND SHOWS IN WISCONSIN: 2022 SEASON

control disease. Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

10. Novice and Backyard classes do not qualify for State 4-H Horse Expo. Novice and Backyard classes are English and Western. They are for all grades.
