Market Livestock/Quality Milk Auction

The Market Livestock and Quality Milk Auction will be held at 4:45 p.m. Thursday of the Fair in the Cow Palace.

Quality Milk Auction

The mission of the Dairy Youth Auction is to recognize the dairy youth of Fond du Lac County that excel and achieve top honors during the Fond du Lac County Fair. Six lots, represented by a dairy basket, will sell in the auction. Live animals will NOT be sold. Five lots will feature an individual youth in the dairy program that received recognition during the Fond du Lac County Fair Junior Dairy Show. If selected to participate in the auction, each youth will be limited to a maximum of one lot in the Dairy Youth Auction. The sixth remaining lot in the auction will be sold with funds supporting the Dairy Youth Fund, a fund that supports the educational opportunities for Fond du Lac County 4-H, FFA, and Junior Holstein Association members.

Once selected, each participant will receive a letter from the Dairy Youth Auction chairpersons listing activities required prior to the auction. The five youth participating in the sale will receive a majority of the final bid, with the remaining funds being distributed to continue supporting the WI State Fair Junior Dairy Exhibitors, the Fond du Lac County Holstein Scholarship, and the Fond du Lac County Milk House Fund.

- **50% individual youth selling the lot**
- **20% Wisconsin State Fair Junior Dairy exhibitors representing Fond du Lac County, Fond du Lac County Adult Leaders Association- Joann Meadke**
- **20% Fond du Lac County Holstein-Scholarship Fund**
- **10% Fond du Lac County Holstein-Milkhouse Fund**

Youth participating in the auction must be presentable in the ring, wearing clean, well-fitted clothing that reflect professionalism and respect for the event. The cattle coming to the ring must also be clean and presentable, but do not need to be show ready.

Youth may sell in both the Dairy Youth Auction and the Market Livestock Sale. Youth will need to help set up and/or tear down for the Dairy Youth Auction/Market Livestock Sale.

The sale order and selection of the five individual lots selling in the Dairy Youth Auction sale will be selected as follows:

Lot 1 Intermediate Quality Milk Award and Lot 2 Senior Quality Milk Award:

1. Application deadline for the Quality Milk Awards will be announced each year. Youth can submit multiple cows for Quality Milk Awards but will only be able to sell one basket in the Dairy Youth Auction. Each application will include exhibitor name, cow name, breed, age/class birthdate, linear score, and copy of DHIA test report, or equivalent.

2. All breeds will be combined when selecting the individual award winner. Selection of award winners for the Intermediate (2- and 3 year old lactating and dry) and Senior (4 years and older lactating and dry). Cow classes will be based on the lowest linear score.
3. The lowest linear score will be determined by the cow's last completed lactation's average linear score with a minimum of five tests, except 2 year old cows which must provide the past three monthly consecutive linear scores prior to the Fair. The cow must be on a dairy herd improvement testing program which indicates her linear score. A cow cannot use the same linear score from a completed record used in a previous year's auction competition.
4. Tie breakers of lowest linear score will be determined by the lowest somatic cell county average.
 - a. Example: Exhibitor A submits and shows a Junior 2 year old cow with a 0.7 linear score and a 70,000 SCC. Exhibitor B submits and shows a 3 year old cow with a 0.7 linear score and a 92,000 SCC. Even though both cows have the lowest linear score of all cows in the 2 and 3 year old lactating and dry cow classes. Exhibitor A's cow has the lowest somatic cell count, allowing them to win the Intermediate Milk Quality Award and to sell in the Dairy Youth Auction.
5. In the event an exhibitor is awarded the Quality Milk Award for both the Intermediate and Senior Cow awards, the exhibitor will sell the basket from the cow with the lowest linear score between the two, and the exhibitor with the second lowest linear score from the opposite division will sell a basket.
 - a. Example: Exhibitor C's 3 year old cow had the lowest linear score (1.1 LS) for the

Intermediate Division and their 5 year old dry cow had the lowest linear score (1.6 LS) for the Senior Division. Since the Intermediate Division award winner had the lowest LS between the 2, Exhibitor C will sell the basket for the Intermediate Division and the 2nd lowest LS from the Senior Division will sell to represent the Senior Cows.

6. The chairperson(s) will review submissions and determine who qualifies for the Dairy Youth Auction. Once selected, each participant will receive a letter from the Dairy Youth Auction chairperson(s) listing activities required prior to the auction.
7. All dairy cows selected for the auction must be entered to show and checked in by 1:00 p.m. on Wednesday, of the fair by the Dairy Superintendent(s) and enter the showering or they will be disqualified from the Dairy Youth Auction. In the unlikely event of a disqualification, an alternate will take their place. Alternates will be determined by the chairperson(s) when submissions are reviewed and will be notified if they will need to take the place of the disqualified animal/exhibitor.

Lot 3 Supreme Champion Dairy Showperson (from the previous year):

1. In 2023, the Dairy Youth Auction will sell a basket for the 2022 Supreme Champion Dairy Showperson. In 2024, the 2023 Supreme Champion Showperson will sell a basket, and subsequent sales will continue with the previous year Supreme Champion Dairy Showperson selling a basket in the current Dairy Youth Auction.
 - a. In the event the Supreme Champion Dairy Showperson graduates and is no longer eligible to show at the county fair, thus unable to participate in

the Dairy Youth Auction, the Reserve Supreme Champion Showperson from the previous year will sell a basket in the auction. If the Reserve Supreme Champion Dairy Showperson also graduates, the Honorable Mention Supreme Dairy Showperson will sell a basket.

- b. In the event the Supreme Champion Dairy Showperson is already selling one of the Quality Milk Awards in the auction, the exhibitor of the Reserve Champion Supreme Dairy Showperson will sell a basket.
- c. In the event the Reserve Supreme Champion Dairy Showperson is already selling one of the Quality Milk Awards in the auction, the Honorable Mention Supreme Champion Dairy Showperson will sell a basket.

Lot 4 Supreme Champion Dairy Cow (of current fair)

1. The exhibitor of the Supreme Champion Dairy Heifer of the current county fair Junior Dairy Show will sell a basket in the Dairy Youth Auction.
 - a. In the event the exhibitor of the Supreme Dairy Heifer is already selling a Quality Milk, Supreme Dairy Cow, or a supreme Dairy Showperson basket, the exhibitor of the Reserve Champion Supreme Dairy Heifer will sell a basket.
 - b. If the Reserve Supreme Champion Dairy Heifer exhibitor is also already selling a Quality Milk, Supreme Champion Dairy Showperson, or Supreme Champion Dairy Cow basket in the auction, the spot will be filled by the Honorable Mention

- c. Supreme Champion Dairy Heifer exhibitor.

Lot 6 Dairy Youth Fund

1. The final basket to be sold in the Dairy Youth Auction will support the Dairy Youth Fund for 4-H, Junior Breeds, and FFA dairy project member activities. One member (minimum) from each exhibit should be in the ring while it is being sold. These youth should also have a presentable appearance.

Fond du Lac County Fair Market Livestock Auction Project and Sales Guidelines, Entry Information Project and Sales Guidelines, Entry Information

General Guidelines

All market animals must meet regular Wisconsin County, District and State Fairs Animal Health Rules and Regulations (reference previous section pertaining to animal health requirement.)

All livestock animals shown at the Fond du Lac County Fair are required to have a Livestock Premises ID number, which should be submitted to the Fair Office with entries. To get a Premises ID number, see www.wild.org.

A market animal can only be exhibited in one department. The same animal cannot be exhibited in both the junior and open show nor can a female market animal be shown in both market and breeding classes.

Exhibitors may only show an animal in the showmanship class if they have shown that same animal in a junior show market or breeding stock class.

When purchasing market animals for exhibition and sale, the exhibitor must obtain a signed and dated receipt of purchase from the seller. The receipt must include any identification information that is available (for example: birth date, ear notch etc.). If needed at a later date the burden of ownership proof will be on the exhibitor and will include an original receipt of purchase. Home raised animals need to be able to present records of ownership and

identification information (See IAFE National code of show Rain ethics on page 7)

An exhibitor cannot show an animal that was entered or exhibited by another person except in the case of an unforeseen circumstance (sickness, injury, etc). The substitute exhibitor should be a relative or from the same 4-H club or FFA chapter and changes must be previously confirmed with the superintendent. Also an exhibitor must be recognized as a member of an acknowledged Fond du Lac County organization.

All animals being shown must be able to walk in a normal fashion or they will not be allowed to be exhibited or sold in the Market Livestock sale. All market and breeding animals must have proper care for the duration of the fair. If the barn superintendent rules that the animals are not being adequately cleaned, fed, bedded, or cooled, a warning to the exhibitor will be given. A second violation of this rule will result in loss of fair premiums and the privilege to participate in the market animal sale for the subsequent year. The superintendent and a member of the fair board will rule on second offenses. All decisions will be final. Exhibitors are expected to keep all walking alleys and feed areas clean and to keep trash or other foreign material out of manure piles. All exhibitors and their parents or guardians must sign a form a testing to proper withdrawal of all additives and a testing to proper withdrawal of all additives and injections administered to the animals being shown. Any questionable carcass will have tissue samples collected by the state meet inspector to be submitted to the state laboratory. The exhibitor will pay for the cost of the analysis. Junior exhibitors are required to fit their own animals.

- All clipping chutes will be placed in a designated area.
- For safety reasons, no fitting of cattle will be allowed in the aisles of the barns.
- Fitting will be permitted in the bedding pack area within a club exhibit for that club only. Fitting in the bedding pack areas will only be allowed if it does not crowd the exhibit animals.

- Fitting is limited to the exhibitor, relative to the exhibitor, and a club member/leader participating in the Fond du Lac County Fair.

Release of Animals

All Market animals and breeding stock must remain on exhibit until 6:00 p.m. on Sunday. Exceptions will only be made for state breed shows and illnesses. Sick animals may be removed only by a written or oral authorization by the attending veterinarian. All other removal of animals is a privilege and must be approved by the Fair Board.

Complaints and Appeals

Any complaints regarding eligibility of entries shall be filed in writing. Before any exhibitor is disqualified, he / she will be granted the right to meet with the Fair Board regarding the potential disqualification. If a market animal dies during the fair, or is condemned by Meat inspection, the exhibitor must refund the sale buyer the current Stockyard value or supply of equivalent animal in replacement.

Exhibitor must have liability insurance in the event of injury to people/or the animal, while at the Fair, causes damage to personal property

Meat Animal Sale Requirements

The meat animal sale will be held on Thursday evening beginning at 4:45 p.m. for qualifying animals and their exhibitors.

Market livestock sale participants and the exhibitors must play a significant role in the care and training of their project animals from the time of initial weight and through the duration of the fair. This should be the case regardless of where the animal is housed.

All Market sale animals must have been exhibited in their appropriate Market animal class. Exhibitors may show Market animals in more than one department but may only sell one animal in the market livestock sale. An exhibitor has a responsibility of informing the Market Livestock Committee within 15 minutes of the completion of the livestock show which animal is going to be sold. Failure to inform a Market Livestock Committee Member will result in being

placed at the end of the sale and not placed in the program regardless of ribbon placing.

All animals competing for Champion or Reserve Champion will do so with the intention of being sold. Any exhibitor with two or more champions/reserve champions will need to choose which animal to sell and forfeit the right to sell the second Champion/Reserve champion. This will have the Reserve Champion move into the champion designation and the honorable mention to be moved into the Reserve Champion designation.

Absolutely no stags, boars, bulls, rams, or bucks (knowingly) will be sold in the Market Livestock Sale.

It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal and question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken with the burden on me, my parents and/or Guardian to prove otherwise.

INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS (IAFE) NATIONAL CODE OF SHOW RING ETHICS
The Fond du Lac County Agricultural Society adopts this code for our shows.

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and in Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood,

or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their

official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individuals to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of the Fairs and Expositions, including *Fairs and Expos* and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties

provided for actions prohibited by the code. ANIMAL HEALTH REGULATIONS/REQUIREMENTS FOR FAIRS AND SHOWS IN WISCONSIN: 2026 SEASON

This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information.

Exhibitors are encouraged to check with their veterinarian to make sure vaccines for respiratory, shipping fever, diarrhea, etc. are up to date. Any health rule changes will be updated through the Fond du Lac County Fair Office.

General requirements for show organizers

All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:

- Exhibitor's name and address
- Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below))
- Documents showing compliance with disease testing and other health requirements
- Livestock premises number, if any, where animals originated
- Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below)
- For swine, a record of any swine transported directly to a slaughtering establishment
- For swine, a record of any swine transported to an animal market where all animals sold at

the market sale for that day were shipped directly to a slaughtering establishment
Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.

Note: Except in specific circumstances, if an animal already bears an official 840 eartag, that ear tag must not be removed and additional official ear tags must not be applied. Instead, the An existing ear tag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code) These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.

Diseases

Lactating Dairy Cattle:

Effective April 29, 2024 and June 19, 2024 respectively, all lactating dairy cattle moved interstate and lactating dairy cattle moved to fairs, shows, and exhibitions in Wisconsin are required to have a negative influenza A test from a milk sample collected within 7 days of movement. For more information see: DATCP Home Highly Pathogenic Avian Influenza (H5N1) in Dairy Cattle (wi.gov).

Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease. (Ref. s. ATCP 10.08(1), Wis. Admin. Code) Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

Swine

Note: These regulations apply to all swine, including pet pigs and racing pigs.

Note: Herd of origin means the herd in which the pigs currently reside, likely the exhibitor's herd. When pigs are purchased from a herd, the herd from which they originate is the herd of origin for the seller. Once the purchased pigs are added into the buyer's herd (even if the buyer's herd only consists of one or just a few animals), the buyer's herd becomes the new herd of origin and that herd must meet testing requirements to move pigs again.

Swine FROM WITHIN WISCONSIN (Ref. s. ATCP 10.32(2) and 10.87, Wis. Admin. Code)

need a Wisconsin intrastate certificate of veterinary inspection (CVI or health certificate)a:

- Stating that the entire herd of origin on the farm was inspected within 30 days before the show and no apparent disease was present at the time of inspection

- Non-terminal Exhibitions: All swine must have a PRRS (Porcine Reproductive and Respiratory Syndrome) and PEDv (Porcine Epidemic Diarrhea virus) test of the herd of origin within 90 days of the end of the exhibition . Include test date, type, and results on the CVI.

- Terminal Exhibitions: No testing requirements. Note: Terminal Exhibitions are those at which all the swine go directly from the fair/show to the slaughtering establishment OR to a slaughter only market sale. Shows or exhibitions are either terminal or non-terminal. If all of the pigs at the event are not going directly to slaughter (including

through a slaughter only market sale), it is considered a non-terminal exhibition. For non-terminal exhibitions, all the pigs at the show or exhibition will need to be tested prior to the event even if individual animals will go directly to slaughter. If going to a slaughter only market sale, contact the

Division of Animal Health fair inspector for required information to collect.

Note: If the fair intends to use a load-out facility, contact the Division of Animal Health in advance to discuss requirements that must be met.

Swine FROM OUTSIDE WISCONSIN (Ref. s. ATCP 10.30 and 10.87, Wis. Admin. Code) need a certificate of veterinary inspection (CVI or health certificate)a that includes the following:

- The negative results of the PRRS test from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- The negative results of the PEDv test from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- A statement that the veterinarian has inspected the entire herd of origin within the past 30 days and that no clinical signs of PRRS and PEDv or any other apparent disease

was present at the time of inspection.

- Official individual identification (ID)b

Acceptable methods of ID for swine are:

- USDA silver ear tag
- USDA 840 ear tag, either visual or RFID
- Breed association tattoo if the pig is a purebred and the tattoo is registered
- An ear tag with the premises identification number and a unique identifier
- Ear notch if the pig is a purebred and the notch is registered

Note: Microchips are not accepted as official ID for any swine including pet pigs.

Requirements are subject to change as conditions warrant. For current information and for PRRS and PEDv testing options, check https://datcp.wi.gov/Pages/Programs_Services/SwineMovement.aspx.

Sheep and goats FROM OUTSIDE WISCONSIN (Ref. s.ATCP 10.69, 10.76, Wis. Admin. Code) need:

- Certificate of veterinary inspection (CVI or health certificate)and official individual IDb for all animals.

Official ID in the form of a tattoo or Electronic Implantable Identification (EID) is no longer sufficient when moving through a market or going to slaughter.
 - NOTE: If a Wisconsin origin animal is neutered, less than 12 months of age, and moving through a market after the fair, the market may require Official ID in the form of an ear tag.
 - *For more information on official identification and for owner hauler statements see DATCP Website at https://datcp.wi.gov/Pages/Programs_Services/OfficialID.aspx
- Goats from Michigan's Tuberculosis (TB) Modified Accredited Zone –Alcona, Alpena, Montmorency, Oscoda counties- also need:

other than the owner may show animals. However, each such animal needs to be entered at the fair under the bonafide owner's name.

Entries must specify owner's name and post office address and in case of animals; the name, age, sex, and breed or description with registry number. An exhibitor will be allowed only two entries under each lot number. Not more than one will be awarded an exhibitor in team, group, or herd numbers.
