All American Lumberjack Show including log rolling, op race, axe throwing, spring board tree topping, single buck, 2 man x-cut sawing, stock saw racing, hot saw racing, quick carve & log boom racing. It is run in head to head competition format with lots of interaction with the audience who along with the lumberjacks are on a red or blue team.

Wolves of the World Show

1:30PM, 3:30PM and 6:30PM

The most unique show on the road today, the show presents the mystical enigmatic wolf-a whole pack in fact, performing right before your eyes. The sandlofer family explains about the history of wolves. They recount the story of how these rescued wolves are raised in captivity and display the traits of the wolf packs, including the alpha male and female and how they interact. The show even features a hero wolf, who saved a young girl from drowning, showing the wolves to be intelligent empathetic animals. Sharon has trained the fiercely independent animals to perform before audiences, a feat rarely accomplished in a touring show.
