SCORING

We use the Danish method of judging. It does not judge one person's work against another. It is an evaluation made against the project's standard. A judge will evaluate the requirements and awards according to the degree that the project meets the standards.

The purpose of this system is to give all exhibitors recognition for the hours of hard work and dedication they have put in to complete each project while comparing it to the standard for that project. This system is used to help youth improve their skills, recognize their effort, encourage them to continue with their projects, and advise them on how they may improve.

Below is a breakdown for each award:

Blue Ribbon (Excellent): Awarded to those entries that exceed the average standard. The workmanship meets the standards but has a few flaws.

Red Ribbon (Good): Awarded to those entries that meet or are slightly below the average standard for that class. The workmanship meet expectations but has multiple flaws.

White Ribbon (Fair): Awarded to those entries that do not meet average standard. The level of accomplishment is less than expected.

No Ribbon: this will be given if exhibitors fail to follow rules, submit their project late, or fail to meet the minimum reasonable expectation.

Best in Show (Superior): Awarded to those entries that have met and far exceed the average standards established. The workmanship is outstanding with minimal flaws. There is typically one per section.

Best in Class (Incredible): Awarded to those entries that have met and slightly exceed the average standards. established. The workmanship is outstanding with some flaws. There is typically one per class awarded.

SECTION 1 | TABLETOPS/TRI-FOLD DISPLAY BOARD

RULES:

- Each Osceola County 4-H, FFA or FCCLA member may enter **FOUR (4) CLASSES, BUT ONLY ONE (1) ENTRY PER CLASS.**
- You must enter a new display each year. **Please add Name, Club or Chapter, Current Fair Year, Age and Phone Number in pen or marker on back of display. Failure to include this information can result in a reduced score or disqualification.**
- A 4-H, FFA or FCCLA emblem is **suggested** on all tabletop exhibits.
- Only Tri-fold Exhibit Boards will be accepted. Please do not use staples.
- Tri-fold size must be 27in x 39in to 36in x48in. Other sizes may be disqualified.
- Only one board can be used in the display.
- Full display cannot exceed the 36in height.
- NOT Allowed in display: live animals/insects/plants, food items, flammable materials, ie. Matches, lighters, etc.

Tips for a Successful Project

- **Select a class from the list below:** Choose a subject/topic that goes along with the class.
Example: Class 26- Clothing/Sewing Topic-Types of fabric and seams
Example: Class 18-Shooting Sports Topic- Archery
- **Specific Subject to teach/share message:** The goal is to teach the viewer or get a message to the viewer. Many topics are broad so narrow the information to fit your trifold area.
Example: appropriate seam for cotton versus silk
Example: Parts of a bow and arrow
- **Title:** Have a title on the project that tells the viewer what the content is. Keep your title short. Attract attention.
Example: Super Seams
Example: Bulls Eye!
- **Techniques to Grab Attention:** Use 3-D objects, colors, actual objects related to the topic, illustrations, select lettering that is simple and easy to read. Use a ruler to keep letters the same size and straight.
- **Arrangement:** Simple, uncluttered arrangement of material will keep your project aesthetically pleasing. Less is more. Use bullets instead of paragraphs. Designs should draw the viewers eyes to a center of interest.
- **Attaching 2D and/or 3D items:** Make sure items are attached neatly and securely. Rubber cement, spray mount, and clear tape are great adhesive. Hot glue or strong craft glue (like E-6000) for 3D items.

What Judges Look For:

- **Good design** - Simple, neat, orderly layout. Color and fonts are pleasing to the eye and used effectively.
- **Text** - Easy to read from a distance.
- **Originality/Creativity** - Does the display show imagination, is this topic displayed in a new way, did the exhibitor use innovative ways to present the material.
- **Educational** - Exhibitor has a main idea/message that is effectively displayed and accurate. Make sure the message is appropriate for the audience.
- **Age Appropriate** - Quality of the work should reflect the age and experience level of the exhibitor. A younger exhibitor may not be as neat as a Senior exhibitor.
