WHY KEEP RECORDS

- To have an account of all your accomplishments in one place.
- Records point out the advantages and disadvantages of projects.
- Records reflect your interest as a 4-H/FFA member.
- Records show self-improvement and service to others.
- Records show others what you have done.
- By keeping records, this will train you for future work.
- Records can qualify you for contests, awards and scholarships.

HELPFUL HINTS

- Read the whole record book through before you start. You may want to make a copy of your record book to use as a rough draft.
- Fill in the beginning inventory first.
- Keep your records up-to-date.
- If you need more pages, make them yourself and fasten them in the book.
- When items or supplies have been donated to you for use in your project, make sure to give the item or supply a value and carry the value through to the total of the section and throughout the Record Book.
- Do not include materials in the Record Book that will add “bulk” (example: various scrapbook embellishments, such as buttons, eyelets, ribbons, dimensional stickers, letters, etc.) Use only “flat” stickers, photos, etc.
- Do not confuse page numbers with section numbers.

NOTICE TO PARENTS: Parents may provide leadership and guidance for the member. However, the Record Book must be compiled and completed by the member in their own handwriting.

CURRENT YEAR: All information in this Record Book is to include those activities and events you have done this year. Do not include information that you did last year or the years before, only include current information.

NEATNESS: You can use either a pencil or pen. You may either print or use cursive writing. You may use lined or plain papers for your story and picture pages. (Make sure there are no ragged edges). If you make a mistake, erase it, or use white-out to correct pen errors. Make your records as neat as possible. **THE ONLY PAGE THAT CAN BE TYPED IS THE AUCTIONEER’S STATEMENT.**

ACTIVITIES: A total of 6 activities need to be completed. There are 6 activities in the record book that will satisfy this requirement. Certificates for interactive activities and workshops issued by the Extension Office may count toward your six required activities. It is recommended that you complete the 6 activities provided in the record book to help prepare you for Skill-A-Thon.

BEGINNING INVENTORY

This record tells you what animal and equipment you have at the start of your project. Put down prices that you paid for your equipment or the estimated value. If you showed a lamb last year, the closing inventory of your project could be used as a guide for your opening inventory this year.

DEPRECIATION INFORMATION FOR CLOSING EQUIPMENT INVENTORY

The value of equipment at the end of the year will be less than when it was new, because you have used it. This is called depreciation. The formula below is used to calculate exactly how much the value decreased. An example shows how the math is done. Use it when figuring the ending inventory value.

$$\frac{\text{Value new}}{\text{Number of useful years}} = \text{Amount subtracted each year}$$

EXAMPLE:

\$37.00 wheelbarrow Estimated useful life: 5 years

<u>\$37.00</u>	$\$37.00 \div 5 = \7.40	Year 1: $\$37.00 - \$7.40 = \$29.60$ (value at ending inventory)
5 years		Year 2: $\$29.60 - \$7.40 = \$22.20$ (value at ending inventory)

Continue deducting \$7.40 through the fifth year when the
wheelbarrow will be depreciated to \$0.00 value.

Examples of “useful life” for some of your equipment for depreciation purposes:

- Show halter - 10 years
- Covered pen - 7 years
- Low cost items such as water hoses, brushes, rakes, shovels, etc. - 2 years

Use your best estimate in determining the useful life of other equipment.

CLOSING EQUIPMENT INVENTORY

(8) CLOSING INVENTORY

This should include all the equipment you started the project with [(2) **EQUIPMENT**] and equipment you purchased during the project [(5) **EQUIPMENT EXPENSES**] and still have at the end of your project. [Do not include **NON-EQUIPMENT EXPENSES** from Section (6).]

Project highlights are an important part of your record book. It shows what you have learned, challenges you have faced, successes and accomplishments you have had and, along with what you may do differently next time. When completing the challenges faced section, make sure you explain how you handled them. More explanation is always better.

- Juniors (ages 8-10) list a minimum of **one** thing learned in each category.
- Intermediates (ages 11-13) list a minimum of **two** things learned in each category.
- Seniors (ages 14-18) list a minimum of **two** things learned in each category.

List information and skills learned through project experiences:

Example:

- I learned how to properly feed my animal so that my animal makes weight at the Osceola County Fair.

List challenges faced when completing project work and how you handled them:

Example:

- One challenge I faced was breaking my animal. At first, I could not get a hold of my animal without the help of adults. After much practice and help from my dad, I was able to put a halter on my animal and lead him around.

List major successes/accomplishments in your project:

Example:

- One major accomplishment in my project was giving a demonstration at county events on my animal. I had to research and practice my speech in order to do a good job.

What I will do different next time/future plans:

Example:

- One thing that I will do differently is to begin my demonstration earlier in the year. This was the first year I did county events and I was very nervous. I could have used some more practice.
